Our test lab:

Even though we are for all the necessary elements for the increase of the body in design, but still we use professional equipment to control all aspects of our product! Our advanced internal test laboratory was built according to EN1078, EN397, EN12492, EN1384, VG1 CPSC requirements, tests, etc. Before our mass production or send it to a third-party test organization, check the quality by yourself and make sure they are qualified!

Certification:

Below is our certificate: ISO9001, we have letters patent, documents, and we have our own laboratory, that surely each of our product can meet the requirements for testing

CERTIFICATE / AUTHENTICATION

Production procedure of the helmet is as below:

Silk screen → PC blister tooling → Production of PC blister → Crop dug a hole → EPS raw material under different density → EPS-mold machining → the helmet in the mold workshop → in the moulding machines → Mold Machining → mold produce process → semi-finished product in the mold helmet → IQC inspection → helmet, grinding → The internal padding of the production → plastic injection workshop → the Assembly line →in describing → packaging → warehouse → installed counters.

Why choose us?

-There are several advantages:
Quality: with the first-class products and a strict quality management system
OEM and ODM: we can provide OEM and ODM service for customers
R & D team: with a team of professional and strong technical development
Price: we have our own productiontion line, reduce the price to a minimum
Patent: we introduce the products of patented technology
Service: perfect service, so the satisfaction

WHY US

QUALITY
With strict quality management system and first-class products

OEM&ODM
We can provide OEM and ODM service for customers

R&D TEAM
With professional and strong technical development team

PRICE
We have our own production line, to reduce the price to a minimum

PATENT
We constantly introduce patented technology products

SERVICE
Perfect after-sales service, so customer satisfaction

Express delivery:

Internatioanl Express, air freight and sea transport are all well organise here! You can select all the possible transport you want and we will try to help you! Already we have built long-term relationships with different rejdařstvími and the carrier, all our efforts to provide you with the best shipping experience! Choose us, it will be easy to keep a helmet safe all the time!
