## Our Test Lab:

Machines for various tests (resistant, retention system, lateral deformation etc.) in our internal testing laboratory are quite the same with the test organization, we will strictly control the quality headphones before delivery.

## Our In-house Testing Lab

## Certification:

Here's our certificate: we have got ISO9001, letters, documents, and we have our own laboratory to make sure that all our product can meet testing requirements

# CERTIFICATE

## Manufacturer part #

Sports of Aurora is a helmet manufacturer, with more than 15 years of experience in the production of all types of helmets. In-house design and R & D teamed up with experience, allows Aurora Sports quickly meet the requirements and create programs all scratch and collections with rigorous quality standards.

## Design & creativity

Our internal design coupled with our designer installation account team allows we to create the innovative helmet perfectly suited to our customer target market - the company combines creativity and sourcing in a unique partnership to bring the best in any sport campaign.

*Logo style: Dome, Metal, UV-Dart sticker, Water decal.*

## Photos of the plant:

The process of production of 3D animal kids bike helmet is as below:

silk screen → PC blister tooling → Manufacture of blister of PC → Trimming dug the hole → Raw materials of different density EPS → Tools-Mold EPS → in-mold helmet workshop → machines in the mould → -mould tooling → production process in the mold → semi-finished products in-mold helmet → IQC inspection → grinding helmet → Padding inside production → plastic injection workshop →
