

[China Quality Safety Helmet Manufacturer Cheap Industrial PPE Safety Helmet AU-M03](#)

Product Description

Product name	msa safety helmet
Model number	AU-M03
Material	PE Shell + 6-point Suspension System + Integrated visor
Head circumference	M/L: (52-64cm) Quality rotating dial adjustment head lock
Logo custom	UV DRT logo, Water transfer logo, Silk screen printing, color sticker, epoxy(dome) sticker, metallic sticker
Master carton size	57*45*45cm
Packaging	20pcs/ctn
Price term	FOB/CFR
Shipping	Sample by express, bulk production by air freight or sea transportation
Payment terms	TT, western union, PayPal
Sample lead time	within 3 days after payment
Production lead time	30days
Fearture	Unisex/ removable and washable padding/ Dual Fit Adjuster
Alibaba Trade Assurance	Support
Safety Helmet For Construction/ MSA	HDPE shell + 6-point suspension system + Up & down adjustment Vents:6 vents Weight:390g Stable dial-adjust fit system Easy adjustment chin strap OEM/ODM available

Product Overviews

M03 safety helmet has "V" shape rib on the top of shell & rain through. 6 cooling vents on the top of the shell provide the maximum in air circulation for comfort. It has integrated visor that can protect your eye from the sun! There are slots on each side which you can add helmet accessories like earmuff, faceshield!

Production Flow

The helmet production procedures are as below:

silk screen → PC blister tooling → PC blister manufacture → Trimming dug holes → EPS raw material by different density → EPS in-mold tooling → helmet in-mold workshop → in-mold machines → in-mold injection → in-mold producing process → semi-finished in-mold helmet → IQC inspection → helmet grinding → inner padding production → plastic injection workshop → assembly line → inside labeling → packing → warehouse → installed counters

Equipment Testing

Even though we have considered every necessary elements to enhance the body structure in design, but we still use the professional equipments to inspect every aspects of our helmets! Our advanced in-house testing lab was built according to EN1078, EN397, EN12492, CPSC, etc. standard testing requirements. Before our mass production or send them to third-party testing organization, we check the quality ourselves & make sure they are qualified!

Certifications

Below are some of our certificates: ISO9001 , CE EN1078, EN12492, EN397, CPSC, VG1, AS/NZS, Letters Patent, etc. The helmets that we are providing all obtain relevant safety certificates. Choose us, it will be easy to broaden your helmet business worldwide!

Company Information

Aurora Sports is a longstanding premium helmet manufacturer with more than 23 years experience in producing all types of helmets. In-house design and R&D teams with established experience, allows Aurora Sports to quickly answer to demanding requirements and create from scratch whole programs and collections with rigorous quality standards. Located in Dongguan, China with one-stop & integrated manufacturing operation, Aurora Sports has successfully built a strong relationship with satisfied clients worldwide and manufactured helmets for retailers, branded helmet companies and manufacturers.

Our Technology

- *In-mold advanced technology*
- *High density EPS forming*
- *Patented headlock design*
- *High definition screen printing*
- *3D printer & scanner usage*
- *Carbon fiber production and application*
- *Aluminum & steel mould manufacture*
- *International standard testing laboratory*

Our Business Scope

- *Sell quality design & fabrication helmets worldwide*
- *R&D advanced helmets for brand owner*
- *Manufacture OEM helmets with high standard*
- *Provide rapid prototype service according to drawings*
- *Open aluminum blister mould & steel injection mould*

Production Range

- *Cycling helmet*
- *Safety helmet*
- *Sport climbing helmet*
- *Equestrian helmet*
- *Skateboarding Helmets*
- *Skiing helmets*
- *Scooter helmets*
- *Kids' Helmets*
