A Round shaped helmet is designed for a rider's head with a dimension which is considerably fit for Asians.

Our Test Lab:

For making quality helmets, we learn not only to leave the theory of design, but also advance tests the results! This is why our factory equipped with professional test lab to ensure each design is convenient & ready! Our test standard is more stringent that the related certificate requirements, this is why we can promise the model that we can certainly pass the test by third parties!

Our In-house Testing Lab

Certification:

Here's our certificate: we have got ISO9001, letters, documents, and we have our own laboratory to make sure that all our product can meet testing requirements

CUSTOMIZE FOR BRAND

Logo style: Dome, Metal, UV-Dart sticker, Water decal.

The process of production of helmet is as below:

silk screen → PC blister tooling → Manufacture of blister of PC → Trimming dug the hole → Raw materials of different density EPS → Tools-Mold EPS → in-mold helmet workshop → machines in the mould → -mould tooling → production process in the mold → semi-finished products in-mold helmet → IQC inspection → grinding helmet → Padding inside production → plastic injection workshop → Assembly line → inside labelling → packing → warehouse → the meters installed.
