

# Supply Helmet Self-Locking Buckle

helmet buckle closes automatically and can be opened easily with just two fingers by sliding laterally. Even when wearing gloves it can be opened quickly and effortlessly. Unlike traditional buckles, the risk of pinching the skin is completely eliminated. The advanced magnetic fastener allows virtually automatic closing while also enabling riders to unlock their helmet in a snap—with just one hand and even while wearing gloves!

Features:

- Easy, one-handed operation (even with gloves!)

- No pinching

- One click to close

- Durable, robust and secure

- Currently available in ES, Sierra, Avalon and Intrepid helmets

## Helmet Buckle Options

ITW standard helmet buckle

Traditional helmet buckle
