BMX

BMX helmet safety standards

BMX helmet safety standards are designed to protect the rider's head from injury.

BMX helmet safety standards

BMX helmet safety standards are designed to protect the rider's head from injury.

BMX helmet safety standards

BMX helmet safety standards differ from other helmet standards in that they are designed to protect the rider's head from injury.

Helmet Shape 101

European Headform

An Oval shaped helmet is designed for a rider's head with a dimension which is considerably fit for Europeans.

Generic headform

A generic headform helmet is designed for a rider's head with a dimension which is slightly longer front-to-back than its side-to-side measurement.

Asian headform

A Round shaped helmet is designed for a rider's head with a dimension which is considerably fit for Asians.

BMX helmet safety standards
