Testing Lab

The testing lab is equipped with various testing equipment to ensure the quality and safety of our products. We adhere to international standards such as EN1078, EN397, EN12492, EN1384, VG1, CPSC, and others to ensure the highest quality and safety of our products. Our lab also includes an environmental testing chamber & a vibration testing table.

**Our In-house Testing Lab** 

Quality

We are ISO9001 certified and CE marked, ensuring our products meet the highest quality and safety standards. Our products are tested in our in-house testing lab to ensure they meet all required standards.

### QUALITY

With strict quality management system and first-class products

### OEM&ODM

We can provide OEM and ODM service for customers

### R&D TEAM

With professional and strong technical development team

### PRICE

We have our own production line, to reduce the price to a minimum

### PATENT

We constantly introduce patented technology products

### SERVICE

Perfect after-sales service, so customer satisfaction
