Helmet Shape 101

European Headform

An Oval shaped helmet is designed for a rider's head with a dimension which is considerably fit for Europeans.

Generic headform

A generic headform helmet is designed for a rider's head with a dimension which is slightly longer front-to-back than its side-to-side measurement.

Asian headform

A Round shaped helmet is designed for a rider's head with a dimension which is considerably fit for Asians.

How to Measure your Head

To measure your head, use a soft measuring tape. Measure your head at the widest part, about 1.5 inches above your eyebrows. Make sure the tape is straight and snug, but not too tight. Record the measurement. & Use the chart to determine your helmet size!
