QUICK-RELEASE RATCHET ADJUSTER

New and proprietary Up-N-Down size adjustment system provides the most precise and comfortable fit.

GETTING THE RIGHT FIT

The headform was made according to ISO/DIS 6220 standard, and keeps 90% fitting rate.

PLASTIC CLIPS FOR LED HEADLAMP

ABS material, very easy to hold the lamp.

A blue helmet with a black face shield and green padding. The helmet has a black chin strap and a black adjustment knob on the side. The face shield is made of a clear, textured material and is attached to the helmet with black straps. The padding is green and appears to be made of a soft, foam-like material. The helmet is shown from a side profile view.

Our In-house Testing Lab

Our testing lab is equipped with various equipment to ensure compliance with ISO9001 and CE standards. The lab includes a large industrial oven, a tall red metal frame structure, and several testing rigs. The equipment is used for material testing, including tensile, compression, and impact tests. The lab is designed to provide accurate and reliable test results for our products.
