# Helmet Shape 101

## European Headform

An Oval shaped helmet is designed for a rider's head with a dimension which is considerably fit for Europeans.

## Generic headform

A generic headform helmet is designed for a rider's head with a dimension which is slightly longer front-to-back than its side-to-side measurement.

## Asian headform

A Round shaped helmet is designed for a rider's head with a dimension which is considerably fit for Asians.

# Our In-house Testing Lab

Our testing lab is equipped with various testing equipment including a large industrial oven, a red safety cage, and several red metal test stands. We are certified to EN1078, EN397, EN12492, CPSC, and other international standards.

We are also certified to ISO9001 and CE, ensuring the highest quality and safety standards for our testing services.
