Helmet Shape 101

European Headform

A long Oval shaped helmet is designed for a rider's head with a dimension which is considerably longer front-to-back than its side-to-side measurement.

Intermediate Oval

An intermediate Oval shaped helmet is designed for a rider's head with a dimension which is slightly longer front-to-back than its side-to-side measurement.

Asian head form

A Round Oval shaped helmet is designed for a rider's head with a dimension which has an equally long front-to-back measurement as side-to-side measurement.

SHIPPING

The shipping section features a collage of images. At the top left, a large, semi-transparent image shows a person's head in profile. Below this, there are several smaller images: a worker in a light blue shirt working at a factory workstation; a worker in a light blue shirt handling a red and black helmet; a worker in a red shirt loading boxes onto a pallet; a worker in a white shirt loading a box onto a truck; and a worker in a white shirt loading a box onto a truck. The bottom right of the collage features logos for FedEx Express, DHL Express, EMS, UPS, and TNT. A truck is shown with a globe on its side, and an airplane is flying above it.
