Helmet Shape 101

European Headform

An Oval shaped helmet is designed for a rider's head with a dimension which is considerably fit for Europeans.

Generic headform

A generic headform helmet is designed for a rider's head with a dimension which is slightly longer front-to-back than its side-to-side measurement.

Asian headform

A Round shaped helmet is designed for a rider's head with a dimension which is considerably fit for Asians.

Our In-house Testing Lab

Our In-house Testing Lab is equipped with various testing equipment to ensure the quality and safety of our products. We are ISO9001 certified and CE marked, ensuring that our products meet the highest standards of quality and safety. Our testing equipment includes a large industrial oven, a tall red frame structure, and three red frame testing rigs.
