“Testing Procedures”

The Impact force detected

Field of Vision Testing

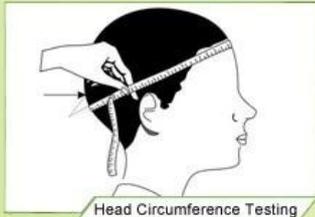

Every manufacturing steps at AURORA follows adhere to strict quality parameters and focus on quality throughout the each stagesinvolved. All raw material and semi finished goods at AURORA pass strict quality control. The finished product, helmets at Aurora is then tested and qualified to export to the world.

Static Stability Testing

Head type detection

Head Circumference Testing

Conditioning Tests

Shock Absorbing Capacity

dynamic strength test

Logo style: Dome, Metal, UV-Dart sticker, Water decal..

QUALITY
With strict quality management system and first-class products

OEM&ODM
We can provide OEM and ODM service for customers

R&D TEAM
With professional and strong technical development team

PRICE
We have our own production line, to reduce the price to a minimum

PATENT
We constantly introduce patented technology products

SERVICE
Perfect after-sales service, so customer satisfaction
