Weight: 4.80 kg

Quantity: 1pc/pp with 9 dc

for ALL RIDERS

24 years of helmet R&D and OEM experience

Aurora Sports is a helmet manufacturer, with more than 24 years experience in producing all types of helmets. In-house design and R&D teams with established experience, allows Aurora Sports to quickly answer to demanding requirements and create from scratch whole programs and collections with rigorous quality standards.

We position ourselves as a China-based global helmet solution provider who helps clients develop and design DIFFERENTIATED products, with the aim of helping them win more market share.

We have our own R&D team armed with an international vision and sophisticated R&D capabilities. With a total of five national patents under its belt, the team excels in assimilating global advanced technologies and techniques into its own R&D expertise.

Briefly, we enjoy three major R&D advantages:

- 1) if you can furnish a sketch 2D illustration, we have the capability and expertise to turn it into a concrete product;
- 2) if you can provide us with a picture of the model you like, we are also well capable of converting that into a concrete product;
- 3) if you have your own designers who produce 3D drawings, that's be even better and easier for us to finish the end product.

1. Trend predictions

2. Conception Ideation

3. Development Stage

4. Final Production Stage
