# Helmet Shape 101

**European Headform**

An Oval shaped helmet is designed for a rider's head with a dimension which is considerably fit for Europeans.

**Generic headform**

A generic headform helmet is designed for a rider's head with a dimension which is slightly longer front-to-back than its side-to-side measurement.

**Asian headform**

A Round shaped helmet is designed for a rider's head with a dimension which is considerably fit for Asians.

FAQS

What is the difference between a European and a generic headform? & What is the difference between a generic and an Asian headform?
