OUR TESTING LAB

Our testing lab is equipped with state-of-the-art equipment to ensure the highest quality and safety standards. We are certified to various international standards including EN1078, EN397, EN12492, EN1384, VG1, CPSC, and more. Our facilities are designed to provide comprehensive testing services for a wide range of products, ensuring compliance with all relevant regulations and standards.

Our In-house Testing Lab

OUR SERVICES

We offer a comprehensive range of testing services, including impact testing, vibration testing, and environmental testing. Our services are designed to ensure the durability and safety of your products, helping you meet all regulatory requirements and maintain the highest quality standards. We are committed to providing reliable and accurate test results for every product we evaluate.
