备注:

headform

Headform :

headform is used to test the helmet's performance.

headform :

headform is used to test the helmet's performance.

headform :

headform is used to test the helmet's performance.

Helmet Shape 101

European Headform

An Oval shaped helmet is designed for a rider's head with a dimension which is considerably fit for Europeans.

Generic headform

A generic headform helmet is designed for a rider's head with a dimension which is slightly longer front-to-back than its side-to-side measurement.

Asian headform

A Round shaped helmet is designed for a rider's head with a dimension which is considerably fit for Asians.
