Helmet Shape 101

European Headform

An Oval shaped helmet is designed for a rider's head with a dimension which is considerably fit for Europeans.

Generic headform

A generic headform helmet is designed for a rider's head with a dimension which is slightly longer front-to-back than its side-to-side measurement.

Asian headform

A Round shaped helmet is designed for a rider's head with a dimension which is considerably fit for Asians.

Helmet Shape 101:

This diagram illustrates the three main helmet shapes: European (Oval), Generic (Intermediate), and Asian (Round). Each shape is designed to fit a specific headform. The European helmet is designed for a head with a dimension that is considerably fit for Europeans. The Generic helmet is designed for a head with a dimension that is slightly longer front-to-back than its side-to-side measurement. The Asian helmet is designed for a head with a dimension that is considerably fit for Asians.
