□□□ **headform:**

helmet shapes are A lot considerably different from each other.

Helmet Shape 101

European Headform

An Oval shaped helmet is designed for a rider's head with a dimension which is considerably fit for Europeans.

Generic headform

A generic headform helmet is designed for a rider's head with a dimension which is slightly longer front-to-back than its side-to-side measurement.

Asian headform

A Round shaped helmet is designed for a rider's head with a dimension which is considerably fit for Asians.

Helmet Size:

Helmet size is measured in centimeters (cm) around the head. It is important to choose a helmet that fits properly. A helmet that is too small or too large can be dangerous. There are three main helmet sizes: Small, Medium, and Large. It is important to choose the right size for your head.
