Helmet Shape 101

European Headform

An Oval shaped helmet is designed for a rider's head with a dimension which is considerably fit for Europeans.

Generic headform

A generic headform helmet is designed for a rider's head with a dimension which is slightly longer front-to-back than its side-to-side measurement.

Asian headform

A Round shaped helmet is designed for a rider's head with a dimension which is considerably fit for Asians.

Helmet Size Chart :

Size Chart: This chart provides a guide for selecting the correct helmet size based on head circumference. It includes columns for helmet size (S, M, L, XL) and corresponding head circumference ranges in centimeters (cm) and inches (in). The chart is essential for ensuring a proper fit, which is crucial for safety and comfort. The text is partially obscured and appears to be a placeholder or a very low-resolution scan of the actual chart content.
