Helmet Shape 101

European Headform

An Oval shaped helmet is designed for a rider's head with a dimension which is considerably fit for Europeans.

Generic headform

A generic headform helmet is designed for a rider's head with a dimension which is slightly longer front-to-back than its side-to-side measurement.

Asian headform

A Round shaped helmet is designed for a rider's head with a dimension which is considerably fit for Asians.

Figure 1 :

Figure 1 shows the three main types of helmet shapes (European, Generic, Asian) and their corresponding headform dimensions. The European helmet is designed for a rider's head with a dimension which is considerably fit for Europeans. The Generic helmet is designed for a rider's head with a dimension which is slightly longer front-to-back than its side-to-side measurement. The Asian helmet is designed for a rider's head with a dimension which is considerably fit for Asians.
