# Helmet Shape 101

## European Headform

An Oval shaped helmet is designed for a rider's head with a dimension which is considerably fit for Europeans.

## Generic headform

A generic headform helmet is designed for a rider's head with a dimension which is slightly longer front-to-back than its side-to-side measurement.

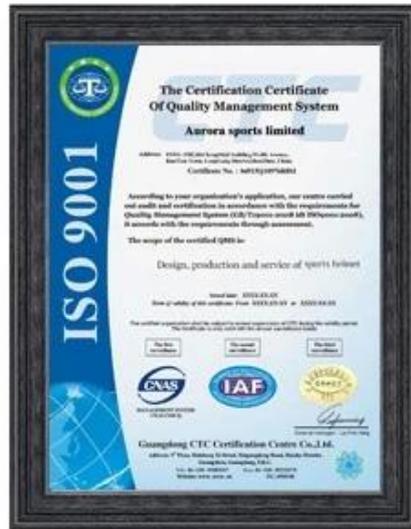

## Asian headform

A Round shaped helmet is designed for a rider's head with a dimension which is condierably fit for Asians.

Always wear your helmet properly. Make sure it fits snugly and is secured with the chin strap. Helmets should be replaced after a significant impact or if they show signs of damage. For more information, visit our website or contact our customer service team. EN1078, EN397, EN12492, CPSC are the most common standards. Always look for the CE mark and the manufacturer's name. Helmets are available in various sizes and colors. Choose the one that fits you best and is comfortable to wear. Helmets are a must-have for anyone who rides a motorcycle. Don't risk your life. Wear your helmet!
