Helmet Shape 101

European Headform

An Oval shaped helmet is designed for a rider's head with a dimension which is considerably fit for Europeans.

Generic headform

A generic headform helmet is designed for a rider's head with a dimension which is slightly longer front-to-back than its side-to-side measurement.

Asian headform

A Round shaped helmet is designed for a rider's head with a dimension which is considerably fit for Asians.

Always wear your helmet, and make sure it's the right shape for your head. Helmets that meet the standards of EN1078, EN397, EN12492, CPSC, and others are designed to protect your head. Always wear your seat belt, and don't drink and drive. 3 is the magic number for helmet safety. Always wear your seat belt, and don't drink and drive!

Our In-house Testing Lab

Our testing lab is equipped with various instruments and facilities to ensure compliance with ISO9001, CE, and other international standards.
