Our In-house Testing Lab

The image displays four different pieces of mechanical testing equipment used in a laboratory setting. The top-left photograph shows a large, stainless steel environmental test chamber with two doors and viewing windows. The top-right photograph shows a red frame machine with a blue base, possibly for impact or vibration testing, with a red cloth-covered control unit. The bottom-left photograph shows a red frame machine with a vertical rod and weights. The bottom-right photograph shows a red frame machine with a vertical rod and a spherical weight, with a coiled spring visible.
