

[top selling riding hats unique velvet riding hat on sale](#)

Description of the [velvet riding hat](#):

Appearance:

- Elegance & distinctiveness design: This design is very slim, elegant and high cost-effective, in the process of riding , people wear more cool.
- The high quality eco-friendly ABS shell with injection technology.
- The high density black EPS material is imported from American, expanded polystyrene (EPS) inner core that absorbs, controls and defuses shock upon impact.

Liners

- Interchangeable, allowing different sizes to be created within the same shell (subject to shell size)
- Memory foam, giving consistent shape and depth for exceptional fit, comfort and stability
- Fixed with poppers rather than Velcro for simple and accurate placement every time
- Hypoallergenic; breathable; and machine-washable

Ventilation

- Discrete vents above and below the visor avoid the need for unstylish large air intakes
- Highly effective airflow channels help increase circulation and eliminate sweat
- Unique cut-out design creates space between the forehead and the front of the helmet, optimising air flow and reducing pressure and headaches

Harness

- Leather covered foam harness anchors the helmet and prevents tipping

Helmet accessories

- Adjustable soft PU leather chin strap
- Quick-release strap buckle
- Comfort rear lock adjustment

Certification:

- CE EN1384, VG1 certified for impact protection.
