Why did you choose us?

-Rone we have many benefits

Quality: with strict quality control and excellent products

OEM and ODM: We are able to provide OEM and ODM services for customers

R & D team: with team of professional and strong technical development

Price: We have our own production.CE lines, reduce price to minimum

Patent: Continuously introduce patented technology products

Service: Perfect After-Sales Service, So Satisfaction

QUALITY

With strict quality management system and first-class products

OEM&ODM

We can provide OEM and ODM service for customers

R&D TEAM

With professional and strong technical development team

PRICE

We have our own production line, to reduce the price to a minimum

PATENT

We constantly introduce patented technology products

SERVICE

Perfect after-sales service, so customer satisfaction

We have more than 24 years of project experience, processing that we could only have your ideas with true information you need, let us know what you want, and we start our hands form a decision as soon as we got into the final confirmation of the design, we can do 3d Scanning and processing formation.

Turn your idea into a custom concrete product!

R&D Capability

Express Shipment:

International Express, air transport and maritime transport are also after agreement here! You can choose all the possible transport you want, and we will try to help! We have already built long-term relationships with different shipboards and shipping companies, all our efforts to focus on providing the best transport experience! This will be easy to maintain a safe helmet all the time!
