Cloth bag + Box Packaging
White Box size: 31*23*18cm

9 boxes/carton
Master carton: 68*32*54cm

Knowledge of our headform:

We make the reference according to ISO/DIS 6220 standard, plus the user's experiences we accumulated from the market for over 22 years from different brands which we have been worked with, like LIMAR etc... In other words, if 95% persons can fit our headform.

European headform:

Oval-shaped helmet is designed for riders head with a dimension which is very fit for Europeans.

General of the headform:

Generic block helmet is designed for riders head with a dimension which is slightly longer than its front rear measurement on the side.

Asian headform:

And round in the shape of the helmet is designed for riders head with dimension, that is considerably suitable for Asians.

Our test lab:

Even if we consider all the necessary elements to increase the body structure in design, but still we use professional equipment to control all aspects of our product! Our advanced internal test laboratory was built according to EN1078, EN397, EN12492, EN1384, VG1 CPSC, test specifications, etc. Before our serial production or send it to a third-party organization test, check the quality by yourself and make sure you are qualified!

Our In-house Testing Lab

Certification:

Below is our certificate: ISO9001, we have Royal patent, CE documents, and we have our own laboratory, that surely each our product can meet the requirements for testing

The production process is the helmet as below:

Silk screen → PC Tools blister → Production of PC blister → Trimming dug a hole → Raw materials for the different density of the EPS → EPS in mold tools → the helmet in the form of workshop → in forming machines → in mold tools → the production process in the mold → semi-finished cast helmet → IQC inspection → helmet, grinding → The internal padding of the production → plastic injection workshop → the Assembly line → the Interior markings → packaging → Uk → installed counters.

Why did you choose us?

-because we have many advantages

Quality: with a strict quality control and excellent products

OEM and ODM: we can provide OEM and ODM service for customers

R & D team: with a team of professional and strong technical development

Price: we have our own production line, reduce the price to a minimum

Patent: we are constantly introducing products of patented technology

Service: perfect after-sales service, so the satisfaction

QUALITY

With strict quality management system and first-class products

OEM&ODM

We can provide OEM and ODM service for customers

R&D TEAM

With professional and strong technical development team

PRICE

We have our own production line, to reduce the price to a minimum

PATENT

We constantly introduce patented technology products

SERVICE

Perfect after-sales service, so customer satisfaction

We have over 24 years of experience processing project that we could just your ideas with true information, what you need, let us know what you want and we'll start our hands mold for reference, once we got the final confirmation of the design, we can make a 3D scanning and then processing the formation.
