

High end quality inmold technique road cycling bike helmet with CE certified

The Performance of road cycling bike helmet:

AU-BH09 with exquisite designs, the perfect combination of high-tech, one die forming technology, professional foam material, full wrap-around protective performance, excellent 18 wind holes breathable.

Material properties:

Compared to pure plastic foam having a low density, lightweight, high specific strength and its intensity increases with increasing density, the ability to absorb shock loads, have excellent shock absorbing performance, sound insulation and absorption properties, the thermal conductivity low, good insulation properties, excellent electrical insulation properties, corrosion resistance, and anti-fungal properties. The

soft foam has excellent elasticity and other properties.

The specification of road cycling bike helmet:

Model No.	AU-BH09
Inner Material	High density EPS foam (expanded polystyrene)
External Material	PC (polycarbonate) shell
Technology	In-mold PC+EPS
Certification	CE EN1078
Vents	18 air vents
Color	Pantone, customized
size/head circumference	M 54-58 cm, L 58-62 cm
Weight	240g
Helmet accessories	strap divider, standard helmet buckle, Pp Pattern Webbing Strap, SAFE ADVANCED USB LED LIGHT, headlock adjuster, 100% Cotton Pads
MOQ	300pcs
Package details	PP bag+individual color box packing+mastercarton

The head circumference knowledge of bicycle helmet with integrated lights:

European Headform:

An Oval shaped helmet is designed for a rider's head with a dimension which is considerably fit for Europeans.

Generic headform:

A generic headform helmet is designed for a rider's head with a dimension which is slightly longer front-to-back than its side-to-side measurement.

Asian headform:

A Round shaped helmet is designed for a rider's head with a dimension which is considerably fit for Asians.

Helmet Shape 101

European Headform

An Oval shaped helmet is designed for a rider's head with a dimension which is considerably fit for Europeans.

Generic headform

A generic headform helmet is designed for a rider's head with a dimension which is slightly longer front-to-back than its side-to-side measurement.

Asian headform

A Round shaped helmet is designed for a rider's head with a dimension which is considerably fit for Asians.

Our Test lab:

In order to manufacture quality helmets, we learn not only from the design theory, but also make progress from testing result! That's why our factory equipped with professional testing lab to ensure every design is practical & amenable! Our testing standard is more strict than the related certificate requirements, that's why we can promise the model that we provide can definitely pass the corresponding test by third-party!

Our In-house Testing Lab

Certification:

Below is our certificate :we have ISO9001 ,letters patent ,CE documents ,and we have our own lab to make sure every our product can meet the testing requirements

1

Aurora Sports is a helmet manufacturer, with more than 15 years experience in producing all types of helmets. In-house design and R&D teams with established experience, allows Aurora Sports to quickly answer to demanding requirements and create from scratch whole programs and collections with rigorous quality standards.

CUSTOMIZE FOR BRAND

Logo style: Dome, Metal, UV-Dart sticker, Water decal..

The helmet production procedure is as below:

silk screen → PC blister tooling → PC blister manufacture → Trimming dug hole → EPS raw material by different density → EPS in-mold tooling → helmet in-mold workshop → in-mold machines → in-mold tooling → in-mold producing process → semi-finished in-mold helmet → IQC inspection → helmet grinding → inner padding production → plastic injection workshop → assembly line → inside labeling → packing → warehouse → installed counters.
