Let me introduce our patent adjustor to you briefly.

1. The dial of adjustor can be replaced with LED light, then you can sell the helmet and LED light separately in near future.
2. If the adjustor gets broken after using a long time, then the user can change a new adjustor by themselves, very use-friendly, So you can also sell the helmet, LED light and adjustor separately.
3. There are three positions on the helmet torch adjustor which can fit our head very well, if someone's back of head is very bigger and very curved, then adjust to the third position which can hold the head completely, very comfortable and stability.

4. Below are the pictures for your reference, you can see how to detach the adjustor by yourself, and try to install the LED light part, these are very good advantages which can help you to expand your business. :)
