9.Cartoon Size	73*58*35CM	
10.Packing	12pcs	10pcs master ctn
11.Price Term	FOB	
12.ShippingMethod	By sea or by air	express
13.Payment Terms	Paypal T/T, Western Union, L/C	
14.Sample time	4-7 days	after we receive your sample details
15.Production Lead Time	20-30 days	approx after your confirmation to pre-production samples, and also according to your order quantity

Components of a Helmet**Liner:**

Most helmet liners are made of expanded polystyrene foam. On impact, the liner dissipates the force of the impact to protect your head. Make sure the liner fits your head comfortably and that it's not damaged or dented.

Shell:

Most cycling helmets are covered with a plastic shell to hold the helmet together in a crash, provide puncture-resistance and allow the helmet to slide on impact (to protect your head and neck). Make sure the shell is intact and in good shape.

Ventilation:

Helmet vents enhance wind-flow over your head, keeping you cooler and more comfortable as you

ride. In general, the more vents you have, the cooler you'll be.

Straps:

Find a helmet strap system that's comfortable and easy to get in and out of. Also make sure that it matches your riding style — beefy for rough terrain and mountain trails, lighter and cooler for road racing. Try a couple of different systems before you decide on one.

Hair port:

These helmets come with a strap design that accommodates ponytails.

Welcome all our clients and partners to visit us to see our R&D center and factory facilities. At our show room, we carry a large selection of helmets for a wide range of sports applications, all at very attractive design! If you can't find what you are looking for, tell us, our friendly and courteous staff will be glad to help you with your helmets needs.
