There different kinds of inner padding fabric options.

EVA pads: It is closed cell and impervious to water, has resilient feel.

Mesh pads: it can prevent dust and small insect fly into the helmet during wild riding.

Nylon pads: antibacterial and skin-friendly, easy to clean.

Velvet pads: very soft and comfortable feeling.

Cool max pads: very high-end, can keep the hair dry and cool during riding.

Low quality pads: easy broken after friction with hair, uncomfortable and hot.

Low quality pads

Breathability and comfort are extremely important, that's why the Manta features Airlite straps which are 15% lighter than a standard helmet strap. Tetoron straps are lighter, stronger and more breathable than a normal helmet strap. They also do not stick to the face as easily when temperatures begin to increase. Fast Adapting System webbing can be easily and continuously tailored to your exact head shape. The helmet stays securely on the head in all situations and the webbing straps are always in the best position.

Helmet Strap Options

Nylon strap

PP strap

Tetoron strap

Polyester strap

PU strap

Available colored/patterned strap
