Our test lab:

For the production of high-quality helmets, to learn not only from the theory of design, but also to make progress from the result of testing! Therefore our factory equipped with a professional testing laboratory, that each design is a practical and accessible! Our test standard is more stringent than the requirements of the relevant certificate, therefore we can promise a model that we can certainly test the corresponding third party!

Our In-house Testing Lab

Factory photos:

Production procedure of the helmet is as below:

Serigrafi → PC blister tooling → PC blister üretimi → Crop dug a hole → EPS raw material under different density → EPS-mold machining → the helmet in the mold workshop → in the moulding machines → Mold Machining → mold produce process → semi-finished product in the mold helmet → IQC Muayene → kask, taşlama → Üretimin iç dolgusu → plastik enjeksiyon atölyesi → montaj hattı → in describing → ambalajlama &
